## Summary

Computer Science graduate with a strong passion for software development and innovative technology. Experienced in building meaningful solutions that solve real-world problems, with expertise in modern web technologies, collaborative development, and continuous improvement through hands-on projects.

## Technical Skills

**Languages** Java, Python, JavaScript, SQL

**Web Technologies** HTML5, CSS3, React, Node.js

**Database** MongoDB, SQL

**Tools & Platforms** Git, GitHub, VS Code, Android Studio

## Education

### Parul University

*Bachelor of Technology in Computer Science*

2021 – 2025

Vadodara, India

### Shree Satya Sai Vidyalaya

*Higher Secondary Certificate (Science Stream)*

2020 – 2021

India

## Work Experience

### Junior Software Developer

*Alpha Automation Pvt. Ltd., Jamnagar*

Feb 2025 – Present

- Building and maintaining Android and web applications using Java, JavaScript, HTML, and SQL
- Developing REST APIs and integrating third-party services for business automation
- Customizing Odoo ERP modules and reports based on client requirements
- Debugging, optimizing performance, and deploying applications for production use

## Projects

### GST Invoice Generator

Live Demo

- Built a GST-compliant invoice generation system with real-time tax and total calculations
- Implemented dynamic form handling and invoice rendering using JavaScript
- Designed responsive and print-optimized layouts with HTML5 and CSS3
- Deployed the project on Vercel for fast and reliable access

### Crowd Funding Platform

GitHub

- Created a platform interface for funding requests using modern web technologies
- Utilized Tailwind CSS for responsive and attractive user interface design
- Implemented form handling and user interaction features using JavaScript

### Web Bot - Smart Reply System

- Developed an intelligent chatbot that automates responses for improved customer engagement
- Implemented using JavaScript and deployed on Render API hosting platform
- Created as part of internship work, demonstrating real-world application development skills

## Certifications

### Microsoft

*Build a Natural Programming Model*

2025

### Udemy

*Java Programming Masterclass*

2024

*Full Stack Web Programming Masterclass*

2024

*Introduction to Android Language with Java*

2025

### NPTEL

*Data Analysis with Python*

2024

### Cisco

*Introduction to Cybersecurity*

2023

## Additional Skills

**Communication** Strong verbal and written communication skills

**Problem Solving** Analytical thinking and debugging capabilities

**Teamwork** Collaborative development and agile

**Learning** methodologies  
Quick adaptation to new technologies and frameworks
